

- 3 St George's Church and Priory was built in the 14th century and shared by the monks and parishioners for many years.

- 5 The Dovecote has 4ft thick stone walls and was built in medieval times.

- 6 The Water Mill, dating back to the 18th century and now restored to working order.

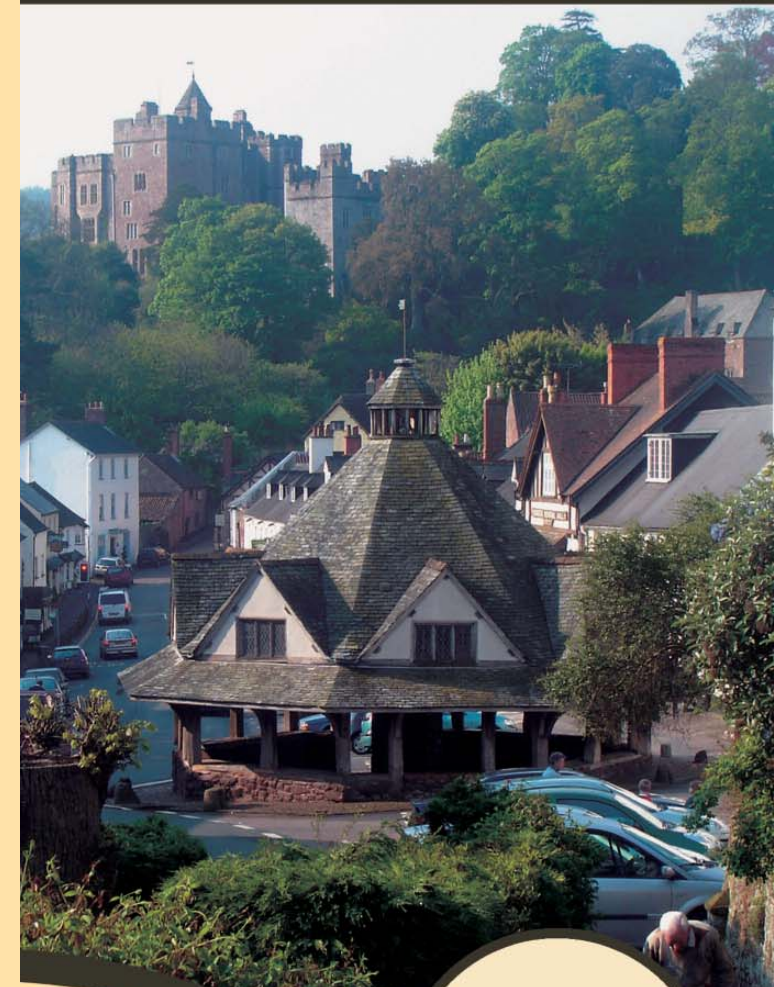

- 7 Gallox Bridge was originally used to help pack animals cross the River Avill. Also the starting points of walks across Dunster deer park if you wish to see more of our beautiful countryside!

- 4 Tithe Barn, c.16th century, originally part of a Benedictine priory.

Why not explore a little further? Allow extra time to follow one of our country routes to Dunster Mill, Gallox Bridge and Dunster Park; Grabbist Hill or Butter Cross. Details available from the National Park Centre.

Containing map and suggested walking route

Welcome to *Historic Dunster*

An idyllic medieval village with a wealth of heritage and history dating back to 700AD.

1 The Old Yarn Market, in the High Street. Built in 1609, it reflects the village's wool trading heritage, when market day was the biggest event for miles around.

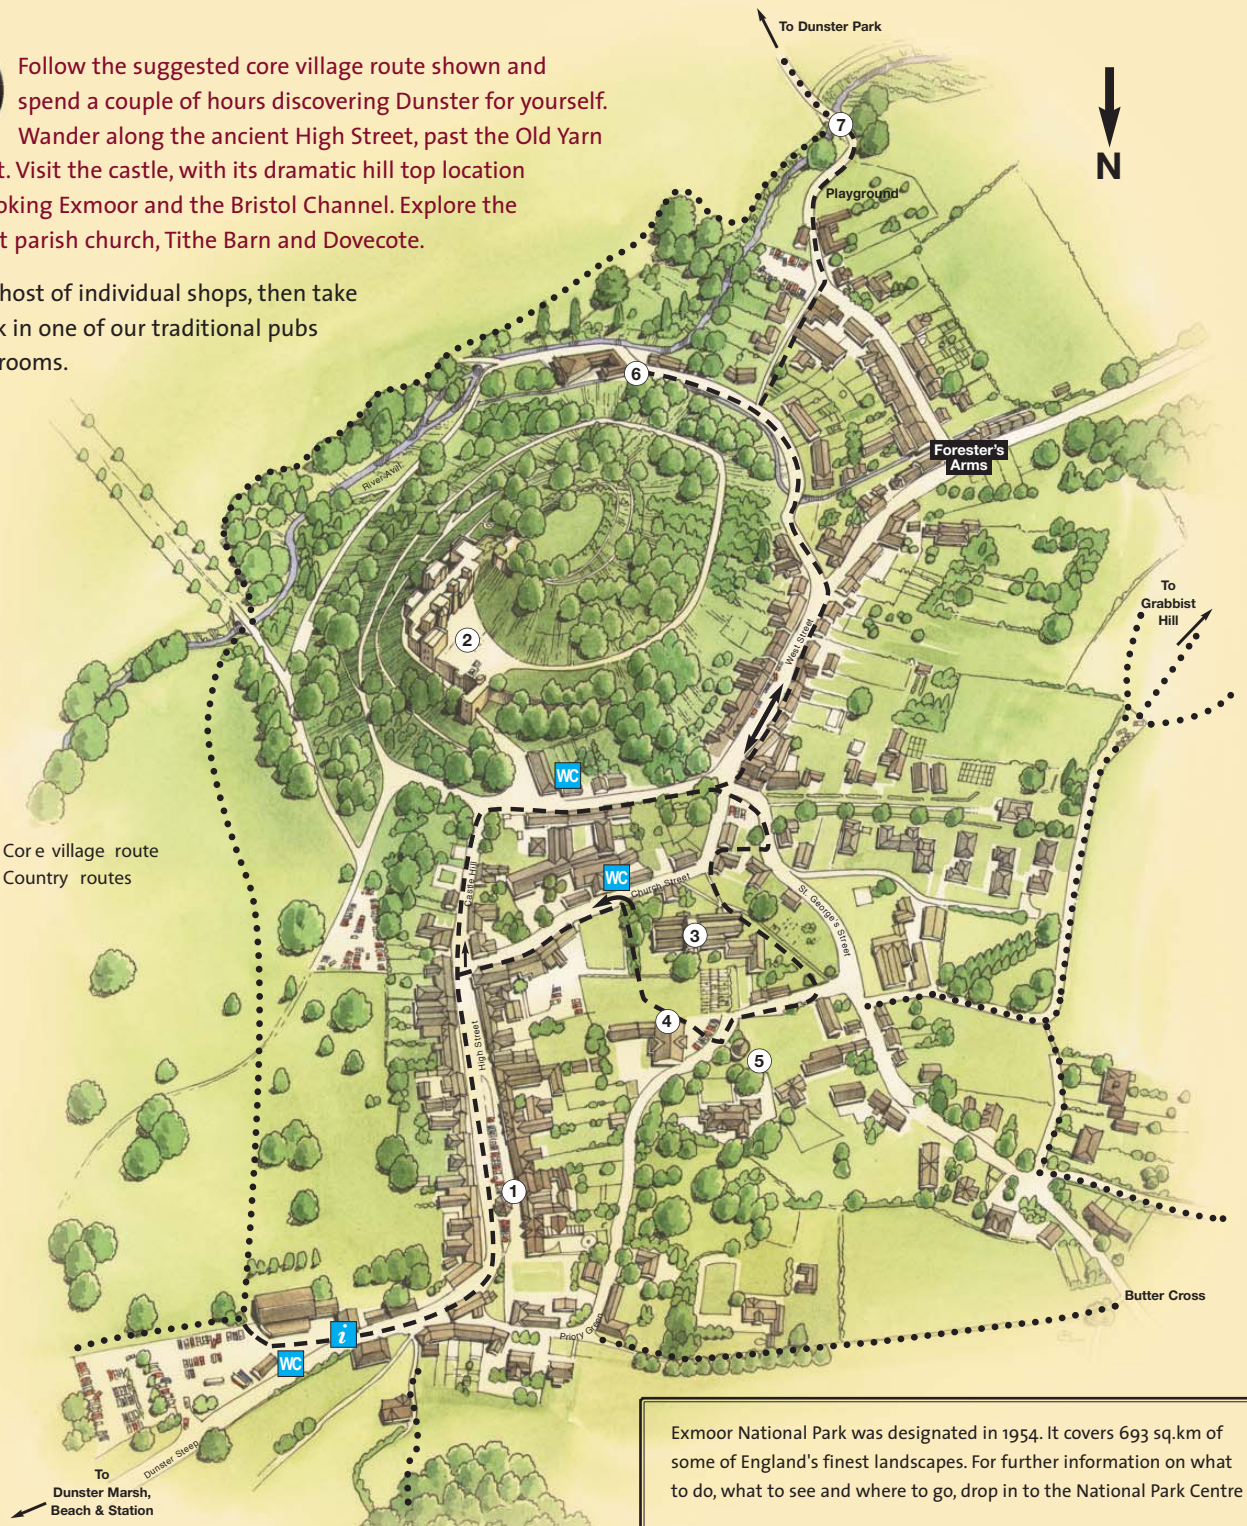

2 Dunster Castle, with its spectacular views, has been an important feature of the Somerset landscape for the last 1000 years. It was donated to the National Trust by the Luttrell family in 1976.

Follow the suggested core village route shown and spend a couple of hours discovering Dunster for yourself. Wander along the ancient High Street, past the Old Yarn Market. Visit the castle, with its dramatic hill top location overlooking Exmoor and the Bristol Channel. Explore the ancient parish church, Tithe Barn and Dovecote.

Find a host of individual shops, then take a break in one of our traditional pubs or tea rooms.
